## INSIGHT

"It stands to reason that where there's sacrifice, there's someone collecting sacrificial offerings. Where there's service, there's someone being served. The man who speaks to you of sacrifice, speaks of slaves and masters. And intends to be the master." --novelist and philosopher Ayn Rand (1905–1982) This Quote is From the Patriot Post

Dear Members, There is so much happening in both Washington and North Carolina and none of it is good. Every day we see a new proposal which will inhibit our freedom and cost us more in taxes. The agenda of this President is clear, we are to be slaves of the Government and Government will be the Master. This was not the America that we were born into. I know that a lot of us are fighting to stop all of the socialist programs of Obama. Now is not the time to sit idly by while he changes our whole way of life. Thankfully we may have some allies in the form of "Blue Dog" Democrats, however we must keep pressing our own fellow Republicans as well to stand with those Democrats to stop Obama's agenda. We must write to both parties and say no to this socialist agenda. Congress will be returning home in the next few days. Take this opportunity to call, write, or visit our representatives during the summer break. Express you views to them. Let's be heard. I am sure that there are now more and more people who see this administration as going in the wrong direction. We aren't just practising now we are gearing up for the 2010 elections. Let's keep the heat on and keep this grassroots momentum going!

The Executive Board will have a meeting on the third Wednesday of August. It is the 19<sup>th</sup> at 2:00 pm at Republican Headquarters in Southern Pines. If any member has an item that they wish the board to consider, please contact me.
