## President's message by Pauline Bruno

Recently, I was visiting family in Northeastern Pennsylvania, where I was born and raised.

My hometown is small, ethnic and religious. It has always been rooted in very Union and Democrat thinking. Then along comes Donald Trump and suddenly everyone realized the Democrat Party had done nothing for them all these years. The town, the county and surrounding areas voted for Donald Trump. The very first time the area went Republican.

I was relieved and so happy that it remains so to this day. We were invited to a party at Lake Wallenpaupack. Not only did our host have a Trump flag flying under the American flag, but so many homes surrounding the lake proudly flew the same combination. What a sight to see!

I love our President and it warms my heart when I see others understand and appreciate all that he is achieving. Maybe our media friends should come out from behind their desks and microphones and take a look around.

Happy September to you all.....

## Urgent: Volunteers needed for GOP special election

Two Republican-held seats in the U.S. House of Representatives are at stake this fall when voters go to the polls in North Carolina's Third and Ninth congressional districts. It is incumbent upon Moore County Republicans, and fellow GOP supporters statewide, to get behind Dr. Greg Murphy (NC-3) and Dan Bishop (NC-9).

Here's a great article about Dan Bishop and why he needs to be elected: "[Heads Up, America: Why the North Carolina Special Election Matters.](#)"

Early voting is under way. **Election day is September 10.** Time is running short. Democrat opponents in these races are funded extensively by the national Democrat party and its major donors. President Trump knows this and has announced another NC visit, with date and location to be determined.

Here is what you can do to combat Democrat tactics between now and September 10: **Report for duty** as a door-walker on each of the next two Saturdays, August 31 and September 7. Contact [David Buzzard](#) for details (910-823-7131).

Some food for thought...

If women are upset at Trump's naughty words, who bought 80 million copies of 50 Shades of Gray?

Chelsea Clinton got out of college and got a job at NBC that paid \$900,000 per year. Her mom flies around the country speaking out about white privilege.

And just like that they went from being against foreign interference in our elections to allowing non-citizens to vote in our elections.

President Trump's wall cost less than the Obamacare website. Let that sink in, America.

Sixty years ago, Venezuela was 4th on the world economic freedom index. Today, they are 179th and their citizens are dying of starvation. In only 10 years, Venezuela was destroyed by democratic socialism.

Russia donated \$0.00 to the Trump campaign. Russia donated \$145,600,000 to the Clinton Foundation. But Trump was the one investigated!

Alexandria Ocasio Cortez wants to ban cars, ban planes, give out universal income and thinks socialism works. She calls Donald Trump crazy.

I wake up every day and am grateful that Hillary Clinton is not the president of the United States of America.

Trump — They're not after me. They're after you. I'm just in their way.
