February 2021

President's Message by Pauline Bruno

Like many of my fellow conservatives, I have allowed myself to wallow in despair since November 4, with increased wallowing since January 6, 2021. BUT I'M DONE WITH THAT!

I am on my feet and ready to go get them! Call me a cultist. Call me deplorable. Reprogram me for my "evil" thoughts of loving my country and my wonderful President

Trump. These people are not happy with destroying America; they intend to destroy an entire civilization.

In the book "1984," the main character is being "re-educated" into the totalitarian ways. He is told, "If you want a picture of the future, imagine a boot stomping on a human face – forever."

Beginning at our local level – school board, municipal and county – we will choose leaders who are and will remain Conservative, believing in God, family and country. We will support our own and build from there. We begin now!

We are inundated with how "vile" Trump followers are. Do they not realize they are speaking to half of the country? The media and politicians are destructive, hateful and heinous. They will not stop. President Trump just stood in the way of them getting to us. These people are a darkness in our life. But, God has blessed us with light. You are all lights.

President Trump is not letting them stop him. He's set up "The Office of the Former President" in Florida. He's announced some new think tanks. Despite everything he's faced, he's still ready to fight the Deep State and the Democrat totalitarians. He continues to be a light.

May God put his hand on your shoulders and give you courage to go forth and shine.

Pauline
